**BARNSTABLE MUNICIPAL AIRPORT SEEKS COMMUNITY INPUT ON DEVELOPMENT OF
20-YEAR MASTER PLAN**

HYANNIS, MA (October 26, 2020) – Barnstable Municipal Airport (HYA) is requesting community input on the development of their 20-year master plan to ensure that the facility can continue to safely and efficiently meet the aviation needs of the surrounding community.

“The preparation of an airport master plan is required by the Federal Aviation Administration (FAA) in order to receive federal funding for airports projects, including rehabilitation of existing infrastructure,” explained Airport Manager Katie Servis. “An airport master plan is a comprehensive study of an airport that considers the needs of the airfield, local general aviation, corporate aviation, and commercial aviation over the next 20 years as well as including recommendations for promoting compatible land use around the airport and to maximize opportunities for non-aeronautical revenues to help support the airport’s financial future.”

“Stakeholder input is an important part of the master plan process,” said Manager Servis.

“Typically we hold a series of in-person meetings, but with the ongoing Covid-19 pandemic and in the interest of public safety, we have placed the content for the first public workshop on our YouTube channel.” The airport’s YouTube channel (<https://bit.ly/HYAMasterplan>) features presentations from previous project stakeholder meetings, divided by topic area into short, narrated videos for the public to watch and share. In addition, a dedicated e-mail address HYAMasterPlan@mjinc.com has been set up to receive questions or comments from the public regarding the master plan for the airport.

Comments and questions received by November 2, 2020 will be included in a response to comments and question/answer video that will be added to the channel at a later date. Anyone requesting special accommodations to watch, listen or learn from the YouTube video content can contact the airport at 508-775-2020.

###

About Barnstable Municipal Airport:

[Barnstable Municipal Airport](#), located in Hyannis, Massachusetts on Cape Cod, provides commercial and general aviation services to Boston, New York and the islands of Martha's Vineyard and Nantucket. It is owned by the Town of Barnstable and managed by the Barnstable Municipal Airport Commission and its staff. Please check us out on Facebook, Twitter and Instagram.
